

Brand Name and/or Model	Floor Plans	Elevations	2D or 3D Designs	Bird's-Eye Views	Numerical Control	Cutlist Generating	Estimating	Scheduling	Parts Labeling	Bar Coding	Job Tracking	Inventory	Optimization	Manufacturers Comments
Alphacam (Planit Solutions Inc.), 3800 Palisades Drive, Tuscaloosa, AL 35405 Tel: (800) 753-8009 Fax: (205) 556-9210														
Router (including 2.5-5 axis)			■										■	CAD and CAM software for complex and optimized output to CNC machines
Alphacam							■	■	■	■	■			Job tracking and management software for Alphadoor and Alphawindow
Alphadoor			■											Design and manufacturing software for fascia doors
Alphawindow			■											Design and manufacturing software for doors, entry doors and windows
ArtCAM, developed by Delcam, 3280 Electricity Drive, Windsor, ON, Canada N8W 5J1 Tel: (800) 664-3506 www.artcam.com														
ArtCAM Pro			■	■	■	■								CAD and CAM programming that includes 3D relief design/creation & CNC code generation in one pkg.
ArtCAM Insignia			■	■	■	■								2D design & machining including toolpath paneling, multi-plate layout engraving, full distortion of vectors
Blum Inc., 7733 Old Plank Road, Stanley, NC 28164 Tel: (704) 827-1345 Fax: (704) 827-0799														
Dynaplan						■								For generating component lists and hardware location in cabinets of all Blum drawer systems
CADCode Systems, 916 Rte. 601, Skillman, NJ 08558 Tel: (877) 422-3263 Fax: (609) 466-0027														
CADCode			■	■	■	■	■	■	■	■	■	■	■	CNC integration from order entry to machine control
CNC Cabinet Solutions, P.O. Box 1337, Tracy, CA 95378-1337 Tel: (888) 909-6688 Fax: (209) 836-3667														
CNC Cabinet Solutions	■	■	■	■	■	■	■	■	■	■	■	■	■	Designed for small shops
Cabinet Pro, 2645 Beverly Drive, Medford, OR 95704 Tel: (541) 776-9133 Fax: (541) 776-0007														
Cabinet Pro	■	■	■	■	■	■	■	■	■	■	■	■	■	Produces shop & finished drawings, floor plans, elevations, perspectives, pricing, unlimited user-defined cut lists, bidding & financial charts/reports
Cabinet Pro Lite	■	■	■	■	■	■	■	■	■	■	■	■	■	Produces 3D renderings, shop drawings, & cutlists
Door Pro					■	■	■	■	■	■	■	■	■	Produces numerous reports, such as job costing, bids, confirmation reports, invoices, contracts, unlimited user-defined cut lists and panel optimization
Cabinet Pro CNC	■	■	■	■	■	■	■	■	■	■	■	■	■	Same as Cabinet Pro, plus panel optimization and direct CNC support via g-cod
Garage Pro	■	■	■	■	■	■	■	■	■	■	■	■	■	Gives ability to design, print and price your custom garage layouts in minutes
Cabinet Vision (Planit Solutions Inc.), 3800 Palisades Drive, Tuscaloosa, AL 35405 Tel: (800) 280-6932 Fax: (205) 666-4474														
Solid Design	■	■	■	■	■	■	■	■	■	■	■	■	■	Software for stock and custom design for the kitchen, bath and storage industry
Solid	■	■	■	■	■	■	■	■	■	■	■	■	■	Screen-to-Machine software for woodworkers
Solid Manufacturing	■	■	■	■	■	■	■	■	■	■	■	■	■	Screen-to-Machine software for woodworkers
Planit CNC Center					■	■	■	■	■	■	■	■	■	Provides optimized output from Cabinet Vision to CNC machines
Kitchen Builder	■	■	■	■	■	■	■	■	■	■	■	■	■	Entry level product for small woodworking shops
Cabnetware (Planit Solutions), 3800 Palisades Drive, Tuscaloosa, AL 35405 Tel: (800) 753-8009 Fax: (205) 556-9210														
Case Planner	■	■	■	■	■	■	■	■	■	■	■	■	■	Screen-to-Machine software for small shops
Detailer	■	■	■	■	■	■	■	■	■	■	■	■	■	Screen-to-Machine software for woodworkers
CabnetWorks	■	■	■	■	■	■	■	■	■	■	■	■	■	Screen-to-Machine software for woodworkers
Planit CNC Center					■	■	■	■	■	■	■	■	■	Provides optimized output from Cabnetware to CNC machines.
Cameron Automation, 100 Parker Ave., Poughkeepsie, NY 12601 Tel: (845) 452-0691 Fax: (845) 452-6910														
Opti-Rip and Automated Opti-Rip													■	Optimization hardware, software for gang and multi-rip saws. Produces input & output reports (lumber, yield)
Quick Rip													■	Color matching and optimization hardware/software for panel gluing operations. Produces reports on piece count, lumber usage, yield, color variation w/in prod.
Opti-Match													■	Affordable push feed chop optimization system
Quick-Chop													■	
DMG - Delmac Machinery Group, 4322 Piedmont Pkwy, Greensboro, NC 27410 Tel: (336) 854-1211 Fax: (336) 854-0811														
Busellato CNC Autolink for Windows										■				Automatic code generator for GENESIS software from AutoCAD, generic DAC, CAD/CAM, AutoCAD Lite, Pattern Systems, Holzma Cut-Rite and Krete
Busellato CNC PTP400 Converter														Converts PTP400 programs to CNC90 format. Used when PTP400 is upgraded to CNC90
Busellato CNC Genesis for Windows					■									Machine programming and control software. Graphic interface and CAD compatible. Win 95/98 compatible
AutoBar									■	■				Barcode label design software with graphics, drag and drop icon and text control
Data Specialists Inc., 715 Florida Ave. S., Ste. 410, Minneapolis, MN 55426 Tel: (763) 541-0440 Fax: (763) 541-1149														
Personal Data Recorder System							■	■	■	■	■	■	■	The Personal Data Recorder (PDR) is an automated data collection and production recording system that will collect daily production, labor, time and attendance, product movement, materials, quality control, SPC/SQC data and other production data
Millwork Pro Estimator Software package							■				■			Provides a fast and easy method to accurately estimate most any type of millwork product. Customizable

Does your software SCULPT A NEW DIMENSION?

"Mastercam Art gives me the perfect combination of free-form art and user-friendly technology."
- Robert Hendricks, President Hendricks Manufacturing, Salt Lake City, UT

Brand Name and/or Model	Floor Plans	Elevations	2D or 3D Designs	Bird's-Eye Views	Numerical Control	Cutlist Generating	Estimating	Scheduling	Parts Labeling	Bar Coding	Job Tracking	Inventory	Optimization	Manufacturers Comments
E&R System Technik Inc., 85 St. George Road, Springfield, MA 01104 Tel: (413) 827-7600 Fax: (413) 827-0696														
Compass Stairbuilding Software	■	■	■	■	■	■	■	■	■	■	■	■	■	Program for the design & construction of staircases.
Look 2000	■	■	■		■	■	■	■	■	■	■	■	■	Look2000 software made by 3E Datentechnik GmbH is for the production and sales of windows and doors made of wood, wood/aluminum or PVC.
Cobus	■	■	■		■	■	■							Cobus ConCept is for CNC-controlled door mfg. The main focus is on specific data outputs such as part lists for production, offer drawings and complete material orders, e.g. for the glass.
Eagle Technology Inc., 10500 N. Port Washington Road, Ste. 300, Mequon, WI 53092 Tel: (800) 388-3268 Fax: (262) 241-5248														
Proteus CMMS								■	■	■	■	■	■	Automatically generates work orders, schedules maintenance, tracks inventory, view reports.
Eurosoft Inc., 1628 Old Apex Road, Cary, NC 27513 Tel: (919) 468-3003 Fax: (919) 468-6374														
ARDIS Cutting Optimizer					■				■	■			■	Panel optimizer with CNC control.
ARDIS Easy Optimizer									■	■			■	Panel optimizer for small shops.
Feldman Engineering Corp., 2588 Gary Circle, Dunedin, FL 34698 Tel: (727) 515-6905 Fax: (650) 618-1416														
SIM*plicity					■	■	■	■	■	■	■	■	■	Customer order entry through shipping, including product engineering & shop floor control.
SIM*plicity Plus ERP/MRP2					■	■	■	■	■	■	■	■	■	Order processing & manufacturing control for custom products with mass production efficiency.
SIM*plicity CKC					■	■	■	■	■	■	■	■	■	Kitchen cabinet manufacturing control & order processing for custom and stock producers.
Friedman Corp., 1 Pky. N., Ste. 400S, Deerfield, IL 60015 Tel: (847) 948-7180 Fax: (847) 948-9425														
Frontier							■	■		■	■	■	■	Fully integrated mfg., distribution and financial software solution with configuration capabilities for order entry/mfg. of dimensional products.
Giben America Inc., 2915 Courtyards Drive, Suite C, Norcross, GA 30071 Tel: (770) 448-9140 Fax: (770) 448-9133														
Optisave					■	■	■	■	■	■	■	■	■	Productive yield management in addition to panel sizing pattern development. Features allow actual control of machine functions other than pattern generation.
Optiledi						■								Parts library with batch development, automatic sorting and editing. Flexible and customizable format to conform to specific customer requirements.
Optilink								■	■					Communication link between any third party optimizing software and Giben panel sawing systems.
Go-Tech Inc., 212 CR 303, Oxford, MS 38655 Tel: (662) 562-7398 Fax: (662) 236-3627														
Go-Pro Systems						■	■	■	■	■	■	■	■	Production Management system specifically designed for wood parts, case goods, upholstery mfrs.
Hendrick/RWH Industries, 36 Commercial St., Salem, MA 01970 Tel: (978) 741-3600 Fax: (978) 744-0242														
Just Enough Optimizing Software					■	■	■		■				■	Configures cutting patterns for best utilization
Mastercam														
Holzma US, Div. of Stiles Machinery Inc., 1200 Tulip Drive, Gastonia, NC 28052 Tel: (704) 861-8239 Fax: (704) 867-4140														
Cut-Rite Modular V8.0			■		■	■	■	■	■	■	■	■	■	Optim. and production control for small, med. & large operations, machine time forecasting, comprehensive cost estimating & quoting; color-coded labels
KCDw Software, 1252 Rte. 28, South Yarmouth, MA 02664 Tel: (508) 760-1140 Fax: (508) 760-1143														
KCDw Cabinet Maker	■	■	■	■	■	■	■		■				■	KCDw offers design, pricing, cutlists & CNC software for kitchens, baths, entertainment centers, commercial & residential cabinetry, closets, etc. Ease of use & 3D graphics avail. w/every software package. MDF floor package avail. for CNC users. Built-in seamless links for connection to popular CAM programs
KCDw Cabinet Designer	■	■	■	■	■	■		■				■		
KCDw Closet Maker	■	■	■	■	■	■		■				■		
KCDw Closet Designer	■	■	■	■	■	■		■				■		
KCDw Cabinet-Closet Maker	■	■	■	■	■	■		■				■		
KCDw CNC														
Keytrix Data Systems, 4701 North Star Way, Modesto, CA 95356 Tel: (209) 492-9206 Fax: (209) 577-1602														
Woodwork 2001 Version 4.0	■	■	■		■	■	■	■	■				■	Windows based product allows multiple users access to projects from estimating through shipping.
Network Version	■	■	■		■	■	■	■	■				■	True concurrent networking allowing access to company data from anywhere; Multiple users can work on the same project at the same time.
CNC Saw Interface									■	■			■	Download patterns to a CNC Saw from an optimizer that will select from up to 20 material sizes.
Labeling at CNC or router with pictures					■	■			■	■				Labels with barcodes as you cut.
PTP CNC Interface					■	■			■	■				G-code generation as well as DXF In and Out.
Nested Router					■	■			■	■				True shape or block nesting, any cut, and true size optimizing.
Read - Write Database version											■			Allows for complete integration with other systems.
Export							■	■			■	■		Exports data to third-party systems.
Takeoff		■	■				■							Graphical user takeoff with mirror elevation.

Brand Name and/or Model	Floor Plans	Elevations	2D or 3D Designs	Bird's-Eye Views	Numerical Control	Cutlist Generating	Estimating	Scheduling	Parts Labeling	Bar Coding	Job Tracking	Inventory	Optimization	Manufacturers Comments
Kitchen Consultants, Box 1881, Port Angeles, WA 98362 Tel: (360) 457-0855														
Designer Plus	■	■	■	■	■	■	■	■	■					CAD based
Komo Machine Inc.-CIM-Tech, 11 Industrial Blvd., Sauk Rapids, MN 56379 Tel: (800) 643-5089 or (320) 252-9887 Fax: (320) 656-2471														
Router-CIM Automation Suite			■						■	■			■	Manufacturing software that is integrated inside of AutoCAD. Automatic processing and nesting of DWG, DXF and Parametric Macros. Includes label, schedules, nested printouts and scrap management
Second Shift			■				■		■	■			■	Completely automated manufacturing software that is driven directly from order entry. Includes labels, schedules, nested printouts, and scrap management
Auto Nest						■							■	Nesting optimization that is integrated inside of AutoCAD. Optional tool stay down technology saves up to 15% on cycle time
Stone Productivity Suite			■		■		■		■	■			■	Manufacturing software integrated inside AutoCAD. Program CNC equipment quickly and easily. Automatic DWG, DXF, & parametric macros
Mastercam/CNC Software, 671 Old Post Road, Tolland, CT 06084 Tel: (860) 875-5006 Fax: (860) 872-1565 www.mastercam.com														
Mastercam Router			■		■	■							■	Design & mfg. software created expressly for router ops; includes powerful part modeling, automation, versatile 3D roughing & finishing, tabs, webs & break-thru control
Mastercam Mill			■		■								■	Solids-based toolpath verification
Mastercam Lathe			■		■								■	
Mastercam Wire			■		■								■	
Mastercam Design			■		■								■	
Mastercam Solids			■		■								■	
Mastercam Art			■		■								■	
Microvellum, 451 W. 6th St. Medford, OR 97501 Tel: (541) 245-1660 ext. 3003 Fax: (541) 245-1670														
Microvellum Toolbox	■	■	■	■	■	■	■	■	■	■	■	■	■	AutoCAD-based mfg software; create custom prods or build parametric libraries of prods.
Overdrive Pro					■	■	■	■	■	■	■	■	■	Microsoft Excel-based software for creating custom prods or building parametric libraries of prods.
ALIS									■	■				Automated labeling integration software provides part labeling and prod. tracking for nesting & sawing apps.
MicroManager	■	■	■	■	■	■	■	■	■	■	■	■	■	Front-to-back prod. mgmt. tools to take projects from design to shipping
Pattern Systems (See 20-20 Technologies), 200 Valley Road, Ste. 302, Mt. Arlington, NJ 07856 Tel: (800) 225-7804 Fax: (973) 770-0053														
DrawPower Machining	■	■	■		■	■								AutoCAD-based system; Product engineering/mach.
DrawPower Architectural	■	■	■	■										AutoCAD-based automated drafting
Product Planner 10, 20						■	■	■			■			Bill of material processing
Cut Planner 10, 20 & 30												■	■	From table saws to large volume cutting equipment
QuikTrak									■	■				Labeling for parts and products
Drill-Mate					■									Parametric part machining and nesting
CNC Connections					■									Connections to all saws, drills and routers
Planit Cabinet Builder (Planit Solutions, Inc.) 3800 Palisades Drive, Tuscaloosa, AL 35405 Tel: (800) 753-8009 Fax: (205) 556-9210														
Planit Cabinet Builder	■	■	■	■	■	■								Entry-level Screen-to-Machine software
Planit Enterprise (Planit Solutions, Inc.) 3800 Palisades Drive, Tuscaloosa, AL 35405 Tel: (800) 753-8009 Fax: (205) 556-9210														
Enterprise						■	■	■	■	■	■	■	■	Business Process Management (BPM) software to help business manage for profitability. Works with Cabinet Vision and Cabinetware
Precision Pattern, Template & Shoe, 1329 Hickory Point Road, Metamora, IL 61548 Tel: (800) 391-6675 Fax: (309) 367-2722														
Power-CAD for Templates			■											2D CAD for templates and profile drafting
Power Station CAD/CAM Pro			■		■									2-1/2 axis CAD/CAM software. DXF file compatible Includes powerful editor, tape analyzer, tool & material library and Create Your Own Post Processing System. MS DOS
ProLignum 3D by StrucSoft Inc., 5375 Paré, Ste. 201, Montreal, PQ Canada H4P 1P7 Tel: (514) 341-9646 Fax: (514) 341-8856														
ProLignum 3D	■	■	■	■	■	■	■	■	■	■	■	■	■	AutoCAD-based complete software from design to CNC manufacturing
RouterCAD, 6311 Malcolm Drive, Dallas, TX 75214 Tel: (888) 549-3203 Fax: (214) 823-3463														
RouterCAD			■											Works & draws the way woodworkers create parts & cabinets. DWG & DXF native drawing formats. Compatible with AutoCAD
AutoCabinets						■	■							Streamlined CAD commands & new SmartCAD tools. Produces cutlists, bill of material & cost estimates
EnRoute Wood			■											CAD/CAM program. EnRoute 3 Wood Pro incorporates 3D reliefs & contouring into EnRoute 3 Wood Plus' 2D 2.5D machining & design capabilities
Dovetail DrawerCAD														Works w/ CNC routers for nested-based manufacturing
Stiles Machinery, 3965 44th St. S.E., Grand Rapids, MI 49508 Tel: (616) 698-7500 Fax: (616) 698-9411 www.stilesmachinery.com														
Factory Management			■		■	■	■		■	■				Complete data management system for full manufacturing control
Building Blocks					■				■	■	■		■	Automated nesting application compatible with most design packages
E-Nest					■	■							■	Simple nesting package designed for ease of use
Scan Manager										■	■			Bar code scanning software optimized for use on a Fanuc control
Link Rite					■						■	■	■	Will create MPR files for Weeke, Model BEK
Cut Rite					■	■	■		■	■	■	■	■	Panel saw optimization within a product library and CNC file output
Custom Solutions	■	■	■	■	■	■	■	■	■	■	■	■	■	Integrate existing solutions or create custom mfg. applications tailored to customer needs

Brand Name and/or Model	Floor Plans	Elevations	2D or 3D Designs	Bird's-Eye Views	Numerical Control	Cutlist Generating	Estimating	Scheduling	Parts Labeling	Bar Coding	Job Tracking	Inventory	Optimization	Manufacturers Comments
20-20 Technologies, 400 Armand-Frappier, Ste. 2020, Laval, PQ, Canada H7V 4B4 Tel: (514) 332-4110 www.2020technologies.com														
20-20 Design	■	■	■	■			■		■		■			Catalog-driven kitchen and bath design software with 2D/3D drawing tools, scalable multiple views, etc.
20-20 Design for Manufacturing	■	■	■	■			■		■					Create custom product catalogs with every item tailored to specific construction parameters. Customized catalogs enable both in-house salespeople and remote dealers to design with custom shapes & create precise visuals
20-20 CAD	■	■	■		■	■	■		■	■				Reduce engineering time and costs plugging most projects by eliminating hands-on construction and assembly testing. Cut prototyping costs with virtual models, 2D shop drawings & detailed reports
20-20 Virtual Studio	■		■	■										Complete digital showroom that is flexible, affordable and no longer limited by physical space or room size. Incorporate product lines of furniture, options, finishes and designs
20-20 Design+ Catalogs	■	■	■			■	■							Contain adaptable shapes necessary to flexibly and design custom furniture. Create special products by adding drawer glides, pipe chases, cut corners, etc.
MBI Factory Network					■	■	■	■	■	■	■	■		Standard ERP system for wood processing industry
MBI Workplace													■	Browser-based workflow management tool
MBI i-Portal													■	Internal intranet based order inquiry and info system
MBI e-Portal													■	External intranet order inquiry & info system for dealers
TigerStop LLC, 12909 N.E. 95th St., Vancouver, WA 98682 Tel: (360) 254-0661 Fax: (360) 260-0775 www.tigerstop.com														
Tiger Optimizer									■	■			■	Tiger Optimizer is a software upgrade to our manual machine. It optimizes cutlists and allows downloading data to the machine
Tiger Optimizer with printer														
Tiger Set					■									Tiger Set is a communications program allowing remote control of machine by a PC
TradeSoft Inc., 3225 Shallowford Road, Ste. 330, Marietta, GA 30062 Tel: (800) 289-6326														
ProjectPAK							■							Fast, easy, custom estimating. Supports unit, component and parametric approaches. Automatically generates quotations and other documents from estimate. Job management features as well, including reports, notes, reminders & customer/contact database
ShopPAK								■		■	■	■		Integrated shop management and control system built for custom manufacturers and job shops of all sizes. Generates and tracks work orders; provides job costing, purchasing, scheduling, inventory and real-time data collection
ProjectPAK Scheduler								■						Calculates start & end dates for jobs based on priority or due date. Automatically assigns the best resources based on priority & availability. Generates dozens of different Gantt chart views of the schedule
Pytha	■	■	■	■		■								True 3D CAD system that streamlines product design, engineering, and fabrication. Produce full assembly drawings in 2D and 3D. Generate photo realistic images, walkthroughs and essential mfg data. Save any product you draw as a parametric library item
Analyzer					■	■			■	■				Analyzer is the integrator of our CAD/CAM solution, improving internal processes & efficiency. Customzble
Trakware Systems Inc., 13 Mission Ave., Ste. 1120, St. Albert, AB, Canada T8N 1H6 Tel. (800) 370-1849 Fax: (780) 460-7205														
TRAKware								■	■	■	■	■		Comprehensive estimating & manufacturing software for project-based manufacturers
Ultrasonic Arrays Inc., 14522 NE N Woodville Way 2A, Woodinville, WA , 98072 Tel: (425) 481-6611 Fax: (425) 481-4455														
MeasureMate Software		■	■	■	■								■	Process control and measurement software for panel plant production
Virtual Systems (See 20-20 Technologies), 1400 Crescent Green, Ste. 215, Cary, NC 27511 Tel: (919) 319-0888 Fax: (919) 319-0884														
inSight manufacturing solutions	■	■	■	■	■	■	■	■	■	■	■	■		Scalable & modular enterprise software, connects, automates & accelerates business processes from sales & order entry through engineering & factory floor, seamlessly
inSight ^{Touch}	■	■	■	■										Networkable & standalone point of sale software for order pricing & design of direct sales & franchise cos.
inSight ^{Demand} Sales Configurator			■	■		■								Mgmt. of external & internal customer demand. From order receipt & config., front office processes are combined, automated and accelerated
inSight ^{Demand} Engineering Config.	■	■	■	■	■	■								Single source for the parametric generation of all product relevant data such as BOM, routings, drawings, standard costing & CNC machine code
inSight ^{Control} Planning & Scheduling								■						Flexible scheduling & work order synchronization; graphical capacity planning & load balancing; attribute-based process optim.; multi-level demand visibility
inSight ^{Control} Shop Floor Assistant									■	■	■			Paperless dispatch screens; tracking, reject mgmt, auto rework & recovery, supports on-demand CNC code generation & machine integration, on-demand label & production paperwork printing
inSight ^{Control} Genpost					■				■	■	■			On-demand & on-the-fly CNC code generation; split machining workload across multiple machines and/or machine families for a single part automatically; user-defined machining functions
inSight ^{Form} VSI.NET													■	Web-based info. portal to monitor, distribute & aggregate sales & production data in real time for internal & external resource
inSight ^{Command} Systems Agent														Connects all inSight modules & integrates with third party products such as ERP & accounting systems
IMOS v. 6.1	■	■	■	■		■			■					Design software based on object-oriented product models to manage semi-custom & custom products for euro & face-frame constructions
ABC CAM					■									AutoCAD integrated CAM software, supports all common CNC routers, point-to-points & contour edge-banding machines. No special layer conventions req.
ABC Nest					■									True-Shape Nesting solution for high vol./high flex/short mfg. cycle productions for sofa frames, office worktops & nested-based case goods production
NOB					■									Nest to Order Mfg. System optimizes machining & mfg. parameters for the upholstery frame industry
